

Description

- 4 liters polycarbonate container
- infinitely variable speed control from 500 to 18000 rpm
- processor controlled speed
- overheating and blocking protection
- easy dismountable for cleaning
- heavy duty motor
- special bush bearings
- also suitable for ice cubes
- patented locking system for lid and bowl

Technical data

	Electric power:	1,55 kW
	Voltage:	230V
	Supply frequency:	50Hz / 60Hz
	Width x depth x height:	240 x 303 x 590 mm
	Content / Capacity:	4 Liter
